California Universities with Peace Studies

Majors/ Minors

Undergraduate

UC Berkeley

Fresno Pacific University

UC San Diego

Claremont McKenna College

CSU Sacramento (Minor)

CSU Chico (Minor)

Chapman College

🌍 Current and historical global events have demonstrated how reactivity in conflict resolution results in increased tension, suffering, destruction, and loss; moreover, all of our lives, in one way or another are becoming less secure— physically, economically, psychologically, and environmentally.

☮ In alliance with Butte Community College's Mission Statement this program is designed to "empower students to become productive, literate, and responsible members of a diverse society."

🌍 Students, having completed a Certificate in Peace and Global Studies will increase their global/human knowledge and receive applicable skills in resolving conflicts peaceably.

☮ Students will recognize an inner directed capacity to express their human potential and to access creative solutions to complex social, global, and environmental problems.

*"Never Give up
No matter what is going on
Never Give up
Develop the heart
Too much energy in your country
Is spent developing the mind
Instead of the heart
Be compassionate
Not just to your friends
But to everyone
Be compassionate
Work for peace
In your heart and in the world
Work for peace
And I say again
Never Give up
No matter what is happening
No matter what is going on around you
Never Give up"*

-H.H. the XIVth Dalai Lama

Peace & Global Studies Certificate

"A growing number of institutions of higher education have come to the conclusion that just as we have service academies to educate young people in the ways of war, we need Peace Studies programs to train students how to work toward a peaceful solution of world problems."

-Chapman University Department of Peace Studies
